## Product Description

### 4X2 EUOR 6 DONGFENG 126HP 5000 LITERS WATER TANKER WATER CART WATERING VEHICLE

The watering truck is suitable for all kinds of road washing, trees, green belts, lawn greening, construction of roads, factories and mines, and high-altitude buildings. The watering truck can also be used as a water transportation truck. The most common models are sanitation watering truck, multi-function watering truck and green watering truck.

Our company's products come standard with front spray (duck bill), back flush, rear spray, side spray, and rear-mounted working platform. The platform is equipped with a green water cannon (which can be rotated 360°, and can be adjusted to either a column or a mist shape). , it can be adjusted to flush, heavy rain, moderate rain, light rain, drizzle), equipped with high-quality high-power special sprinkler pump (self-priming and self-draining, can pump water from river or pond to tank), power take-off, miscellaneous material filter screen, fire interface, self-flowing ball valve system, ball valve and filter screen are all national standard products, the main pipeline is thickened, the flange gasket and flange plate are thickened, and the large-diameter ball valve is used. The overall performance is excellent, safe and reliable, high efficiency, large flow, convenient maintenance and so on.
